

PLACEMENT DRIVE - AZIM PREMJI FOUNDATION

(For Fresh Postgraduate-2022)

COMPANY CAMPUS DRIVE DETAIL:

Company Name	AZIM PREMJI FOUNDATION
Date & Time	Second week of Jan-2022
Venue	LATER INFORM

JOB DESCRIPTION:

As an Associate, you will be immersed in the realities of school education in rural India, and should be prepared to:

- Work closely with teachers, to improve teaching practices
- Develop learning material for children and teachers
- Conduct research on issues related to classroom and teaching-learning processes

Your journey as an Associate, will help you develop a deep understanding of what education really means and the ability to help in improving the quality of education in Government Schools.

Your First year at the Foundation

The purpose of the Associate Programme is to help you to develop yourself to become Teacher Educators. The one-year Programme will broadly consist of two components:

Teaching in a government school (80% of your time)

- Experiencing the work and realities of a teacher is fundamental to being able to help a teacher build her capacities. Therefore, our programme will focus on giving you this experience.
- This will require adequate preparation before you go to school, and significant support (from mentors and peers) through the months of teaching.
- It will also need a process to distill your learning about teaching-learning processes, about children, about teachers and the school, which you can carry forward in your role.

Supporting Teacher Professional Development programmes of District Institute (20% of your time)

- As you become more familiar with the role of a teacher, you could begin learning on-the-job by apprenticing with some of our senior academic and block members, in conducting events for capacity enhancement of government teachers.

After the completion of one year, you will continue to work at one of our District Institutes and will continue to engage with the school and community system.
